It is an effort to have you here  
to influence the. of our efforts from a visit of such

Boston, Feb. 18, 1865.

Dear Henry:

96  
Your letter of inquiry is received,  
just as I am going out to Roxbury;  
but I must answer it in brief, by  
saying that I am pledged to speak  
in the City Hall, at Newburyport,  
on Wednesday evening next, 22d inst.  
I have received a special invitation  
from a number of the citizens, and  
accepted it. No doubt the occasion will  
be one of deep interest, and do by all  
means be present if you can. What  
an upturning it indicates! Thanks for  
your good wishes and strengthening  
words. You and I have always seen  
with the same vision and judgment,  
and I feel sure that we were never  
more right in our position than now.

Hastily but affectionately,

Wm. Lloyd Garrison.

H. C. Waight.
